

Kia ora, how are you today?

We ask, because we genuinely care.

We listen because we want to understand how we can support you, and your whānau.

With a mobile network of health professionals and support workers, we connect with you in your space, wherever you are, so that you can enjoy a better day.

How can we help you?

More than 36,000 people of all ages and stages trust in Access for high quality services.

Home support and care

Household assistance and personal care.

Nursing and clinical services

Wound care, physiotherapy, rehab, palliative care.

Accident and injury

including spinal cord injuries.

Disability support

including support via Individualised Funding.

Better support starts with being heard.

By listening to you, and working alongside you, we deliver better care for a better day.

We meet you wherever you are.

Access health professionals and support workers are where you need us to be. You can be assured of quality services from an organisation which has been delivering healthcare in homes for generations.

Total Care is our specialist nursing division, providing clinical services such as wound care, catheter care and palliative needs.

We work together ensuring your services are locally-led, delivered by people who live and work alongside you in your community.

Easy access to services

1. Call us on 0508 123 010

2. Referral

Ask for a referral to Access from:

- * Your Nurse or GP
- * Te Whatu Ora | Health New Zealand
- * MSD - Disability Support
- * ACC (Accident Compensation Corporation)
- * Needs Assessment and Service Coordinator (NASC)
- * Or contact us direct and we will help you navigate the referral process.

3. Funding

Services are free if your needs are approved for government funding, or by your private insurance company.

You can pay privately for Access services which are not eligible for funding. Many people also choose to top-up their funded services.

4. Getting started

We will connect with you, to understand your needs and develop a care plan.
